

## Limited Warranty

Lochinvar, LLC the warrantor, extends the following LIMITED WARRANTY to the owner of this Buffer Tank.

### 1. THE TANK

If the glass-lined tank in this Buffer Tank shall prove upon examination by the warrantor to have leaked due to natural corrosion from water therein, during the first THREE years after initial installation, the warrantor will supply a complete new Lochinvar Buffer Tank of equivalent size and current model at the warrantor's option. Some government agencies are requiring energy efficient standards for Buffer Tanks. In the event regulations prohibit sale of a model of equivalent size and construction, Lochinvar will provide a model which complies with the regulations of your area, in which case the consumer will be charged the difference in price between the like replacement and the energy efficient model required. The warranty on the replacement Buffer Tank will be limited to the unexpired term of the original warranty.

### 2. ALL OTHER PARTS

If within ONE year after initial installation of this Buffer Tank, any part or portion shall prove upon examination by the warrantor to be defective in material or workmanship, the warrantor will repair or replace such part or portion at its option.

### 3. CONDITIONS AND EXCEPTIONS

This warranty shall apply only when the Buffer Tank is installed in accordance with local plumbing and building codes, ordinances and regulations, the printed instructions provided with it and good industry practices. In addition, a pressure relief valve, certified by CSA and approved by the American Society of Mechanical Engineers, must have been installed.

a. This warranty shall apply only when the Buffer Tank is:

- (1) owned by the original purchaser;
- (2) used at temperatures not exceeding the maximum shown on the Buffer Tank;
- (3) used at water pressure not exceeding the working pressure shown on the Buffer Tank;
- (4) used when filled with water, free to circulate at all times;
- (5) used in a non-corrosive and non-contaminated atmosphere;
- (6) in its original installation location;
- (7) in the United States, its territories or possessions, and Canada;
- (8) sized in accordance with proper sizing techniques for Buffer Tanks;
- (9) bearing a rating plate which has not been altered, defaced or removed except as required by the warrantor;
- (10) maintained in accordance with the instructions printed in the manual included with the Buffer Tank.

b. Any accident to the Buffer Tank, any misuse, abuse (including freezing) or alteration of it, any operation of it in a modified form, or any attempt to repair tank leaks will void this warranty.

### 4. SERVICE AND REPAIR EXPENSES

Under the limited warranty the warrantor will provide only a replacement Buffer Tank or part thereof. The owner is responsible for all other costs. Such costs may include but are not limited to:

- a. Labor charges for service removal, repair or reinstallation of the Buffer Tank or any component part;
- b. Shipping, delivery, handling, and administrative charges for forwarding the new Buffer Tank or replacement part from the nearest distributor and returning the claimed defective Buffer Tank or part to such distributor.
- c. All cost necessary or incidental for any material and/or permits required for installation of the replacement.

### 5. LIMITATIONS ON IMPLIED WARRANTIES

Implied warranties, including the warranty of merchantability imposed on the sale of this Buffer Tank under state law are limited to one (1) year duration for the Buffer Tank or any of its parts. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

### 6. CLAIM PROCEDURE

Any claim under the warranty should be initiated with the dealer who sold the Buffer Tank or with any other dealer handling the warrantor's products. If this is not practicable, the owner should contact:

Lochinvar, LLC  
300 Maddox Simpson Pkwy  
Lebanon, TN 37090  
(615) 889-8900

- a. The warrantor will only honor replacement with identical or similar Buffer Tank or parts thereof which are manufactured or distributed by the warrantor.
- b. Dealer replacements are made subject to in-warranty validation by warrantor.

### 7. DISCLAIMERS

NO OTHER EXPRESS WARRANTY HAS BEEN OR WILL BE MADE IN BEHALF OF THE WARRANTOR WITH RESPECT TO THE MERCHANTABILITY OF THE BUFFER TANK OR THE INSTALLATION, OPERATION, REPAIR OR REPLACEMENT OF THE BUFFER TANK. THE WARRANTOR SHALL NOT BE RESPONSIBLE FOR WATER DAMAGE, LOSS OF USE OF THE UNIT, INCONVENIENCE, LOSS OR DAMAGE TO PERSONAL PROPERTY OR OTHER CONSEQUENTIAL DAMAGE. THE WARRANTOR SHALL NOT BE LIABLE BY VIRTUE OF THIS WARRANTY OR OTHERWISE FOR DAMAGE TO ANY PERSONS OR PROPERTY, WHETHER DIRECT OR INDIRECT, AND WHETHER ARISING IN CONTRACT OR TORT.

- a. Some states do not allow the exclusion or limitation of the incidental or consequential damage, so the above limitations or exclusions may not apply to you.
- b. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Fill in the following for your own reference. Keep it. Registration is not a condition of warranty. The model and serial number are found on the Buffer Tank's rating plate.
